## THE HLUHLUWE EXPERIENCE – UMKHUMBI LODGE.

### ABOUT US

Umkhumbi Lodge is a family owned lodge located in the game rich Hluhluwe-Imfolozi area of KwaZulu-Natal, South Africa. Umkhumbi is surrounded by wildlife reserves, endless sandy beaches and the richly varied ecosystems of the iSimangaliso Wetland Park. Choose from a wide range of adventure activities, explore the rich culture of the Zulu nation and visit the historic battlefields of Isandlwana and Rorkes Drift.

The lodge has been sympathetically built into the pristine African sandforest, carefully preserving this fragile ecology. The focus is on conservation through education and environmental awareness, delighting guests with all aspects of the African bush, big and small, and providing the service and experiences that have visitors returning as friends. All of the 12 rooms are extremely comfortable and spacious, with air-conditioning and en-suite facilities. A central open fronted lapa houses the dining room and tree top bar and lounge from where you can enjoy breathtaking sunsets from the wooden deck. After the sun goes down, guests and guides gather around the fire to swap stories about the days exciting adventures.

Anton and Emma pride themselves on their excellent hosting, management and guiding. Their passion for their wonderful surroundings is infectious and you are never far away from another delicious meal from Emma's kitchen or a fabulous story from Anton. This family-friendly game lodge is their home and they make you part of it from the moment you arrive.
